

tOnce again, that's [www.yorkradioclub.org](http://www.yorkradioclub.org). York radio club is one word.

Amateur Radio Exams for all FCC license elements are on hold during the pandemic. For more information, call Mark KB9TVD at (708) 562-6027, or email him at [kb9tvd@arrl.net](mailto:kb9tvd@arrl.net).

We communicate with our members electronically through the **York Radio Club email reflector** at Groups.io. If you are not signed up for the reflector and would like to be, please email Steve, [n9ze@arrl.net](mailto:n9ze@arrl.net), or Todd, [w9yk@arrl.net](mailto:w9yk@arrl.net), and they will be sure you get added.

We invite you to join our 70-centimeter repeater net Wednesday evenings at 8:00 PM local time on a frequency of 442.875 MHz, with a repeater offset of plus 5 MHz, and a PL frequency of 114.8 Hz.

Before closing, W9YRC pauses for any further check-ins. Please call net control now. **[WAIT FOR RESPONSE]**

Does anyone have anything to add for the benefit of the Net? Please call Net control now. **[WAIT FOR RESPONSE]**

**[Query the relay station for possible missed check-ins or any other traffic.]**

On behalf of the York Radio Club and all participants, I thank you for joining the net. I now close this net at \_\_\_\_:\_\_\_\_ PM local time, and return this frequency to regular Amateur Radio use, and remind you that our 6 Meter Roundtable Net will now begin on 50.150 MHz, upper sideband.

This is W9YRC; good night and 73 from **[YOUR NAME & CALL]**.
